Top Match — Maya Chen (9.2/10)

Why #1: Strong semantic match (91%), 8 years at Stripe in payments infrastructure, covers 6/7 required skills. 3 promotions in 6 years — high velocity. Warm lead (previously applied to your company).

Why not 10/10: Missing *graphql* (likely ramp-up < 1 week given Go expertise).

Signal breakdown: semantic=0.91 (40%) · role_fit=0.85 (20%) · skills=0.95 (15%) · behavioral=0.90 (15%) · career=0.80 (10%)
